This is a Basic tutorial on posting pictures through the Wood Online forums.  
This is the post or reply screen you will see first in posting to the forum. The yellow highlighted note boxes can be maximized to be able to read through the instructions. All pictures must be no bigger than 100 KB so you will need to re-size them with a photo program of your choice. A simple Resize program, Image Resizer, can be downloaded from the MicroSoft Site.

- Post to the Message Board** - all members can read it.
- Reply via e-mail** - only recipient can read it.

To attach files to your message, browse for them on your computer, then press the UPLOAD button. (Maximum file size: 100 KB.)
